VOLUME 46, NUMBER 28

CITY MUST REVISE SEWAGE SYSTEM -- S F PLANT TIE-UP WOULD COST \$250,000 PLUS

Coming to a head this week was the necessity for revising the city's sewage system.

At the present time Daly City is using the ocean as its principal method of disposal. Under a state law, cities are now required to find some other method of dumping sewage.

The city's answer seems to be a \$250,000 pipe line to tie in with the San Francisco Sunset district sewage treatment plant.

This was the finding of City Engineer R. A. Klassen, who recently completed a survey of methods to tie into the Sunset plant.

The \$250,000 expenditure is the estimate for a two mile forced pump line. This entails two miles of pipe in addition to several pumps.

Whether or not San Francisco will let Daly City use the Sunset disposal plant has not yet been determined. Nor has the rate for using the plant been learned.

Mayor Paul Green several weeks ago wrote a letter to the San Francisco city government on this question. As yet the Bay city has made no reply.

It is hoped that by using the San Francisco plant, it will not be necessary to build a separate sewage disposal unit for Daly City. Whether or not the Sunset plant is used, now depends on rates submitted by San Francisco.

Should the rates for using the unit prove too high, Daly City has one of two alternatives. It may either build a plant of its own, or possibly tie in with the plant to be constructed in the South San Francisco area.

Cost of constructing a plant would be well over the one million dollar mark. In a recent election citizens of South San Francisco and San Bruno approved a \$2,000,000 bond issue for a sewage treatment plant.

Consequently, at the present time, the tie in with the Sunset plant appears to be the cheapest method of disposal.

The \$250,000 expenditure for the two mile pipe line would not be borne completely by Daly City. The city will receive about \$87,000 from the state for any sewage plans, Mayor Green said.

As the line would serve other areas surrounding Daly City, Mayor Green indicated these communities might also get additional funds from the state for the pipe line.

Under present plans the line would serve Daly City and most of the Broadmoor and Colma areas. Roughly the line would be put in just north of the Westlake Doelger tract, and run to the Sunset plant.

What sewage disposal would cost the individual home owner under the proposed new system has not yet been determined. However it would be considerably less than the rate to be charged South San Francisco citizens for their system. This latter rate is about 60 cents per home.

PLANS MOVE AHEAD FOR \$396,000 WAR MEMORIAL BOND ISSUE

Rapidly moving ahead today were plans for a \$396,000 War Memorial building and park bond issue.

City officials propose to present the bond issue for a public vote September 27. However, before this can be done an architect must be selected and methods of retiring the bonds must be worked out.

These were the latest developments.

(1) Monday night the city council passed a resolution calling for the construction of the building and improvement of two parks and for three new parks. Earlier announcements indicated there would be improvement of three parks, but it was decided to work out improvement of the Westlake park at some later date.

(2) Next Monday night, August 15, city councilmen will hold a caucus meeting with three architects to discuss plans for the War Memorial building. The architect submitting the best plans probably will be selected for the job, Mayor Green said. The three San Francisco architects are: William H. Rowe, Leonard Mosias, and Mario Ciampi.

(3) While no official date has been set, it is expected that the bond issue will be presented to the voters in the fall.

WANDERING 'VANDAL' GIVES POLICE THE OLD HORSE LAUGH

Causing a general disturbance in Daly City last Thursday was a vandal who led officers on a brief chase before capture.

Residents of the Hillside boulevard area phoned in about the individual after he bothered several people with long, loud, hearty laughs.

Officers rushed to the scene, and attempted to take the offender into custody. After a chase he was captured, booked and duly locked up.

But before charges could be brought against the "vandal," John Lapachet, address not given, put up bail for him, and he was duly released.

Following Lapachet he turned around once more to give police the traditional horse laugh.

Yep, the wandering laughing boy was a prize donkey.

LEGION AUXILIARY LEADERS TO ATTEND STATE CONVENTION

With delegates of the American Legion Auxiliary, Daly City Unit No. 410, attending a state convention, there will be no meeting August 17.

The next meeting will be held at the regular time, September 7.

Three delegates from the Daly City post will be at Long Beach August 13 to 17 attending the state convention. They will not only speak for the Daly City post, but will also bring back ideas as to what other state posts are doing.

Those delegates attending the convention include President Ethel R. Harris, Marge Kenney and Leslie Hansen.

"Borrowed" Car Found By Police

In possession of his car today is Chester Hillegas, 149 School St., while a juvenile is charged with taking the car without permission.

According to police, Hillegas' son-in-law spotted the San Francisco youth in a moving picture show. Suspecting the youth had the car, he followed him, and when he saw the "misplaced" automobile he called San Francisco police.

The San Francisco officers picked up the youth, who had "borrowed" the car July 17, and turned him over to the Daly City police department.

The young man will answer the charge of taking the vehicle without permission when he appears before Judge William J. Sweeney August 26.

WET WORLD SEEN BY LIONS CLUB NOON SPEAKER

Water is slowly taking back the world's land, Clarence E. Clark told a meeting of Lions this week.

The federal public housing administration official spoke on the geological history of this area, with particular attention given the development of the Russian river area.

He asserted that the wearing away of river channels and the slow rise and fall of mountains may at some future date find the world as it once was—an ocean.

Clark hastened to explain that there is no cause for alarm. The evolution of these mountain ranges ordinarily takes place over a period of centuries, and the world will not suddenly find its homes beneath the sea.

Meanwhile, Lion members turned to things of a more pressing nature. Final arrangements were made on the Lions Bazaar to be held September 17 in Daly City.

Many bargains are promised, and the members' wives are preparing to handle the crowds anticipated for the event. The profits will go into the Lions youth fund for use in the rehabilitation work and athletic activities.

Lion Gil O'Shaughnessy, club vice president, presided at this week's meeting in the absence of President Elbio Fontana. Lion McGraw reported plans for the annual Lions picnic and barbecue are nearing completion. The picnic this year will be held in conjunction with the Brisbane club.

The board of directors passed a resolution authorizing the membership committee to invite a limited number of Daly City and Colma business men to join the club. It was also decided that club members may tender invitations and pass them on to the investigating committee for their approval.

Lion Mel Battye will present next week's program. Guest speaker will be Harold Schioldager of the office of naval procurement. The topic of his speech could not be learned at this time.

Judge Rests; No Sentences

Taking a vacation from traffic court this week is Judge William Sweeney.

The Judge will be gone until Friday, when he again takes his position on the bench to pass sentence on erring citizens.

Due to the magistrate's absence last Friday, no traffic court was held. However, he will be back on the job tomorrow.

Judge Sweeney and his wife are enjoying a few days of rest at Russian River.

Six Delegates To Represent DC At Legion Meet

Veteran housing, employment and other important measures will be acted upon at the American Legion department convention this month.

The convention will be held at Long Beach from August 13 to August 17, and will be attended by five delegates from Daly City's post No. 410.

"Probably the most important issue will be an attack against selfish interest groups who are organized against veterans' rehabilitation," delegate Ralph Capps said. Capps asserted "the money groups" have organized a nationwide money powerful organization to cut the national and state budget via veterans' rehabilitation.

The 26th district (San Mateo county) will be represented not only by 106 delegates, but by the Half Moon Bay Dons drum and drill team.

Delegates from Daly City will include: Capps, John Derungs, Emil Pahlka, Jim Halloran and Jake Jakobson.

BUILDING HIS FUTURE

Father Thomas Regan, director of the famed Archbishop Hanna Center for Boys, recently took a group of his boys to the construction site of the new \$1,250,000 Center now being erected in the Sonoma Valley. Little Jimmy promptly wanted to try his hand at operating a small cat-loader.

The new shelter for homeless boys now being built with funds contributed by generous people in Northern California, will be in operation October 1st.

Upon completion the Center will be one of the nation's most progressive experiments in the care of unwanted and neglected boys.

STATE TO CONDUCT SURVEY OF CITY'S SIGNAL NEEDS

Turning on the amber light today, the state was but one step from going ahead with a project to install signals on various Daly City streets.

Answering a recent letter from Mayor Paul Green, the state division of highways said they would conduct a survey here to determine need for signals.

The survey will get under way shortly. When it is completed the city may have new signal lights. Mayor Green said he still wasn't satisfied with the state's speed. He asserted there is no question that lights are needed at the junction of Mission street, San Jose avenue and Hillside boulevard.

The mayor said he failed to see who the state couldn't at least put in these lights before going ahead with the survey. Whether or not this will be done depends on the progress of present negotiations between the city and the state.

Money for the project comes from funds designated from the state gas tax. The city gets a certain proportion of these funds which in turn may be used for street improvements. The state department of highways lets all the contracts for such work.

Old Glory Post Schedules Picnic

Sack races, ice cream and hot dogs all will be a part of the annual Old Glory Post and Auxiliary No. 2044 VFW's annual picnic.

This year the big event will be held at the San Mateo Memorial Park, La Honda, on Sunday, August 21.

All members and friends are invited to attend. Further information as to methods of transportation and time may be obtained by calling JU 5-4603.

Meanwhile, the district hospital party last Sunday was well attended by both members of the post and the auxiliary. The party was held for veteran patients in the Palo Alto Veterans' hospital.

In charge of the groups was Mrs. Bonnie Ellenwood. President Eleanor Hatt was also present with members Ruth Bruzel, Clara Poket, Mary Conti and Emilie Bruzel. Others on hand were Marjorie Johnson and Comrades Ray Bruzel, Harry Johnson, and Alex Albertus.

Eagles Auxiliary To Hold Whist Party August 16

A monthly whist party will be held August 16 by the Colma-Vista Grande Aerie No. 1848, F.O.E. Auxiliary. The whist party will be given at 8:30 p.m. at Eagles Hall, 3346 San Jose avenue. All interested whist players and friends are invited to attend.

WESTLAKE WORK NEAR STANDSTILL, STRIKE GOES ON

Work was down to a crawl at the Henry Doelger Westlake project today as the teamster - cement ready mix strike went into its ninth day.

An official of the company said 200 men were now working at the 900 acre project. Normally about 400 men are employed.

The official indicated that unless the strike is settled, the housing project will close down next week. At the present time carpenters have almost caught up with foundations and other cement work done before the strike call.

Meanwhile, negotiations continued today between the AFL Teamsters Local 216 and the 17 ready mix concrete firms. The employer group offers a five cent an hour increase, but the teamsters want eight paid holidays which the employers say they can not afford to give.

To date the strike has tied up some \$200,000,000 worth of construction in the Bay area, and thrown almost 10,000 men out of work.

D. C. GAS STATION CHARGES S. F. MAN WITH PETTY THEFT

A charge of petty larceny has been filed against Hubert Lofts, 60 Carrizal street, San Francisco by M. L. Hammar, 6094 Mission street.

Hammar asserted Lofts gave him two checks for a total of \$40 on July 16. Neither of the checks could be cashed as the bank they were drawn on had no record of Lofts' account, Hammar said.

Police are now trying to locate Lofts to inform him of Hammar's charge.

'49ers ENTERTAIN D. C. BOYS CLUB

Members of the '49ers football team were on hand last Friday night to spend a pleasant evening with the Daly City Boys Club.

During the three hour program players Mike De Noia and Bill Pacheco entertained the boys with various songs and guitar numbers. Both of these players are well known for their talents along the cat strings.

Another one of the football players was Hub Poddig, a former student at Jefferson High School. Poddig went to the University of California, played in the Rose Bowl, and has now settled down in Daly City.

Club sports writer Dan Galvin was master of ceremonies. Also on hand was Forest Hall.

After numbers by the team members, a colored film of the '49ers game with Cleveland was shown. But even on the celluloid strip the '49ers lost.

Following the football film, the boys were entertained by an hour of comics.

All interested parents and citizens of Daly City are asked to contribute toward the support of the Boys Club. At the present time the club is in need of athletic equipment, and would welcome any donations.

NEW SUPERIOR COURT JUDGE BY OCTOBER 10th

A third superior court judge must be appointed in San Mateo county before October 10.

Governor Earl Warren last Tuesday signed a bill for the third judgeship. The bill is effective as of October 1, and the appointment must be made before October 10.

Judge John J. Fahey, Daly City, is the choice of the San Mateo county Democratic Central Committee for this position.

The appointment expires by the next county election. After that time the judgeship will be open to a man of the people's choice.

Sunday Sermon At Ocean View Church

Sermon at the Ocean View Community Church this Sunday will be "The Gladness of Worship."

The Rev. J. H. Bennett will lead the worship services beginning at 11 a.m.

There is also a Sunday school at the Broad street church at 9:45 a.m. And for those who wish to bring their children there is a nursery to take care of them during the hour of worship. Everyone is welcome to attend.

O.L.P.H. 8th ANNUAL FESTIVAL-CARNIVAL OPENS OCTOBER 21st

MAN INJURED IN CYCLE ACCIDENT

Recovering from a fractured left leg today is a Colma man who zipped when he should have stopped.

The injured man is John Zraggen, 20, Colma, who was struck by a motorcycle late Sunday night while crossing Mission between Hillside and Wellington. Robert W. Grimes, 20, 431 Hillcrest boulevard, was the motorcycle driver.

According to police Zraggen started across the street with a companion, R. M. Montano, 251 Peoria. When the two saw the cycle coming, Montano stopped in the middle of the street, but Zraggen continued to cross, police said.

Grimes told officers he tried to "lay over" the motor bike, but this failed and he struck Zraggen. Montano was uninjured.

Pending further investigation, officers issued no citations.

Accident Gets The Female Thumb

Nursing a sore thumb today is one of three San Francisco women involved in a minor auto accident in Daly City last Thursday.

The injured woman is Mrs. Josephine Serio, 4146 22nd street, who was riding in a car driven by Mrs. Dorothy Panattoni, of the same address. The accident occurred at the intersection of Mission and School streets, when a car driven by Mrs. Minnette Hecht, 223 12th street, stopped to let a truck turn into Mission from School.

When Mrs. Hecht stopped her car, Mrs. Panattoni ran her car into the rear end of Mrs. Hecht's auto. A minimum of damage was reported by police.

Trying to free the two cars, Mrs. Serio caught her thumb between the two bumpers, and sustained minor cuts.

ELEMENTARY SCHOOL BUDGET UP 20 PER CENT

Along with everything else, the Jefferson elementary school district budget is up 20 per cent over last year to \$386,638.

The budget was passed and approved at a special meeting of the board of trustees last Thursday night. The budget runs for the fiscal year of 1949-50. It compares with a total of \$320,520 for the previous year.

But before taxpayers begin shaking their heads, let's look at the other side of the ledger. Here it is good news as the estimated income for next year is \$386,838, or just \$200 more than the expense.

Improvements of school buildings, such as new roofs, windows, grounds, and other capital outlay account for one of the largest items on the coming budget at \$52,000. This is more than once again (Continued on Page 2)

COUNCIL ACCEPTS THREE BIDS FOR CITY IMPROVEMENT

It's going to cost the city approximately \$12,900 for a new city well, to be located in the area of the present pump station at Nimitz and Citrus.

This was the winning bid for putting in the well made by the Douglas and Woodhouse Co. The bid, along with other bids for pipe and improving Hillside boulevard, was the principal business of the Monday night city council meeting.

The discussion of the proposed \$396,000 War Memorial bond issue is reported in another story.

The winning bid for water pipe went to Armco Co. at \$1,334. This pipe will be used to run from the new well to the present pump station.

Bidding some \$3,000 below the city's estimate, the Douglas and Woodhouse Co. was awarded the work of improving the Hillside boulevard street. They will put in

Indian Summer and the 8th Annual Festival and Carnival at Our Lady of Perpetual Help Church were just around the corner for local residents this week as Father William Stewart announced that the gala carnival would be held this year on October 21, 22 and 23.

With bigger and better attractions expected even to surpass last year's record event, tickets for the affair will be mailed to parishioners and friends very soon, Father Stewart said.

A 1949 Pontiac 4-door Streamliner sedan will be displayed through the courtesy of the George Daniels Co. while Anderson Refrigeration Co. will demonstrate a Deluxe Bendix Home Laundry and an Admiral Television Set.

The program will include games, dancing, prizes and attractions for all members of the family and thousands of people will gather on the church grounds for the three-day event.

MOBILIZED THUGS ROB LOS ANGELES VISITOR OF CASH

Taken for a ride in Daly City Sunday night by unidentified thugs, a Los Angeles man was robbed of \$80 and a pocket watch.

The incident occurred at Duffy's Tavern, Los Olivos and Mission, a few minutes after Jose Durrow Jr. stepped outside to get a breath of air.

No sooner had Durrow walked out of the pub, when two men crept up behind him, grabbed him around the waist and shoved him into a car.

While driving through a dark street, the robbers slugged Durrow and removed the cash and watch.

Probably with an eye on the kidnapping law, the mobilized thieves hauled Durrow back to the tavern, shoving him out in front of the establishment.

Although beaten, Durrow managed to find a phone and call his wife. She reported the affair to the police, and said her husband did not need hospital attention.

Daly City's "hospitality" evidently proved too much for Durrow. He and his wife left for Los Angeles early Monday morning.

FIREMAN CAP RUBBERIZED SMOG

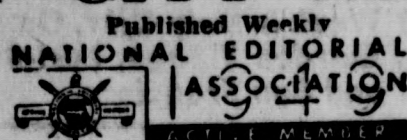

Rubberized smog floated smellfully over a small area of Daly City Monday, as the city experienced a minor Los Angeles disturbance.

But it wasn't the unidentified garlic odor that smothered LA a few days ago. It was only a few rubber tires that some lads had set on fire in back-of 6742 Mission street.

Firemen arrived and cut short the smog before it could effect more than a few residents in the area.

HERBERT HOOVER

Nearly 17 years ago Herbert Hoover was overwhelmingly voted out of the White House. He was blamed for all economic and social ills of the nation. He was denounced, berated and criticized as few men have ever been in public life. This experience would have broken a man of less character and courage. But Mr. Hoover returned quietly to private life without fighting back and without getting bitter.

When President Truman called on him to help with the European food problem he willingly agreed to serve. When called again to head the committee for governmental reorganization he again responded. His work in both instances, especially the latter, has been of enormous value to the nation. The Hoover Committee has done a magnificent job in making the people conscious of the cost and clumsiness of the administrative machinery which has been assembled haphazardly over the years.

Mr. Hoover's birthday this week on August 10 — his 75th — should serve to remind us not only of his distinguished service but of his personal attributes which have enabled him to surmount hate and vilification and win public recognition of his true stature.

WHITE PAPER

The American people now know the story of our frustrated efforts to save the regime of Chiang Kai-shek. They also know, as they must have long suspected, that the principal reason for our failure in China was the incredible corruption and mismanagement within the Nationalist Government itself. The charge by some critics that the "white paper" is really a whitewash of our own bungling is not surprising. No doubt we made mistakes.

But even without any mistakes on our part it is hard to see how we could have accomplished much as long as our aid had to pass through the hands of Chiang's officials. These men have accumulated for themselves hundreds of millions of dollars which they now have on deposit right here in the United States. Probably the most disturbing thing about the "white paper" is that it suggests no definite plan or policy for the protection of American interests in the Far East now that the Communists virtually have full control of China.

It is imperative that something along this line be mapped out. The situation in the Orient does not exist in a vacuum — it has and will continue to have, a tremendous bearing on our own future and the future peace of the world.

BARBARA JENSEN GETS 25 POINTS IN S. F. SWIM MEET

Some 10 years ago a young Colma girl dove into the pool at Jefferson High school to take all the prizes in a Daly City recreation meet.

Last week end 20-year-old Barbara Jensen rounded off 10 years of amazing swimming to accomplish almost the impossible by tallying 25 points plus in the Far Eastern AAU Swimming and Diving Championships.

The comely daughter of Mr. and Mrs. Jay Jensen of Colma, finished in front in four races, and swam a winning lap each day on the championship relay team.

There is little doubt now that she is the worthy successor to Ann Curtis. Oddly enough, Barbara has only been consecutively defeated by one swimming star — Ann Curtis.

However, as Mrs. Jensen explained, when Barbara was swimming against the great Ann, the Colma girl was much younger and lacked much experience.

But there is no question that Barbara more than held her own last week end. She did an efficient 200-meter backstroke to finish 10 yards ahead in 2:52, and the 300-meter individual medley by 15 yards in 4:36.

Barbara also carried the Crystal medley relay team for a 300-meter medley win in 4:07. She swam the first lap.

Similar scores were racked up Saturday by the woman swimming ace.

The week end's startling performance only followed by three weeks Barbara's European tour in which she broke the world championship 150-meter individual medley in 2:23.

But, for all of this glory, Barbara must spend many hours of long hard training. At the present time she is in the pool from 2 1/2 to five hours a day. Even when she is not in training, she must paddle about for at least two hours a day.

Yet it probably is worth it, her mother explained. Barbara hopes to swim in the 1952 Olympics in Finland, and is also looking forward to a trip with an American team to South America next year. She already has seen most of the United States and Europe.

Robert Fulton's steamboat, the Clermont, steamed up the Hudson River from New York to Albany in 32 hours, August 17, 1807.

The Selective Service Act was passed by Congress September 16, 1939.

Community Chest Heads Hold Two Meetings

Officials of the San Mateo county community chest met this week to discuss plans for the coming October chest drive.

At a Monday meeting the budget and admission committee prepared a recommendation on the allowance to agencies and a list of agencies to be included in the annual appeal to the chest.

The board of directors met last night and heard a report of the campaign committee headed by Norman Corlett on the success of the general chairman in setting up this year's county-wide chest campaign.

DOELGER GETS 19 BUILDING PERMITS

Despite the present strike tying up cement supplies, building permits for 19 homes in the Henry Doelger Westlake tract were issued by Daly City this week.

The total valuation for the five and six room houses comes to \$148,789. However, work on these homes will not begin until Doelger can once again get the necessary cement for foundations.

Other permits issued last week included one to William Nadell for construction of two homes at 531 and 537 Bellevue avenue respectively. The two five room wood frame houses were valued at \$15,080.

Building permits were also issued to: D. Cartopassi, 151 West Moltke, \$960 for remodeling building; William Degliantoni, 32 Shakespeare, \$800 remodeling dwelling; Louis J. Canepa, 562 Winchester, \$900 for altering building; Rudolph Lemich, 424 Hillside Blvd., \$800 for remodeling dwelling.

Within Two Weeks, Sister, Brother Marry at OLPH

Within two weeks to the day after his sister's wedding, Frank Rivas Jr. took himself a wife at a wedding ceremony in Our Lady of Perpetual Help Church last Saturday.

The new wife is the former Annie Reyes, of 3358A, 16th street, San Francisco. Frank is the son of Mr. and Mrs. Frank Rivas Sr., 409 Vista Grande.

Sister of the groom, Josephine Rivas, was married to Ray Cabano July 23.

A graduate of a San Francisco high school, the new Mrs. Rivas is employed as a teletype operator by the Pacific Telephone and Telegraph Co. The groom is a graduate of Jefferson high school and is studying barbering.

Coming up the aisle Saturday, the bride wore a baby blue lace dress, with a pink slip, pink hat, and blue satin shoes. She carried a bouquet of white orchids.

The matron of honor, Mrs. Gilbert Reyes, is the bride's sister-in-law. She wore a gray dress. The groom's mother wore black, and had an orchid corsage. The mother of the bride is deceased.

Gilbert Reyes, brother of the bride, acted both as best man and in the role of giving the bride away.

Following the "afternoon wedding," a reception was held in the American Legion Hall at 8 p.m. Hundreds of guests were present to congratulate the newly wedded couple.

Now on a honeymoon at Lake Tahoe, the newlyweds will make their home at 16th and Dolores streets. The exact address could not be learned.

CAR, CAR, WHOSE GOT THE CAR?

Happy behind the wheel of his car today is a Daly City man who last week was a party in one of the strangest mixups of the year.

The man, Willard H. Benedict, 21 Bismark street, reported to police that someone had stolen his car Thursday night. The 1937 sedan had been parked outside of his home.

Earlier that same day, a former resident of 21 Bismark street had called on mechanic Joe Arrighi, 6831 Mission street. He gave Arrighi the key to his car, and told him to go after it and fix a bad muffler.

Arrighi picked up the car. Back at the garage he could find nothing wrong with the muffler.

The next morning the owner came for his repaired car. Fate then gave Arrighi a pat on the back for his honesty in not repairing the good muffler.

Yep, wrong car. Seems Arrighi's customer had not only once lived at 21 Bismark street, but his key also fitted the lock of the new resident's vehicle.

The mechanic called police, who returned the car to its true owner.

WEEKLY CROSSWORD PUZZLE

Here's the Answer

ACTOR

HORIZONTAL

1. Pictured actor
13. Conductor
14. One whose property is subject to a lien
15. To the inside

Outings Enjoyed By Youths From D. C. Playgrounds

Seeing Daly City and San Francisco via the recreation department is proving popular this year.

Last week several outings were held, with the youngsters at each playground given their choice of places to visit.

The Marchbanks group, consisting of 12 girls and 14 boys hiked to the Lake Merced picnic grounds where they enjoyed lunch and games. They were accompanied by Kathleen Schreiber, playground director.

Trying their hand at fishing last week were boys and girls from the Jefferson high and Jefferson elementary school playgrounds. The 28 youths reportedly all caught fish off the San Francisco Municipal pier. Beverly Clement and Mary Falbo, playground directors, supervised the trip.

Crocker playground had a theater party and attended a showing of the "Wizard of Oz." Andrew Forney was in charge of this group.

Boys from Lincoln accompanied by Herb Osuna enjoyed a day taking in interesting sight-seeing points in San Francisco.

Yesterday all the playgrounds got together for a tour of Golden Gate park.

Outings for next week include a free game at the Seals stadium Saturday, August 13. All boys and girls are invited to attend. They may sign up at their various playgrounds.

On August 17 each playground will again go on separate outings.

Del Norte county was created in 1857.

TWO EVENTS ARE SCHEDULED FOR BAYSHORE STAD'M.

Two auto racing programs are on tap near San Francisco's Bayshore stadium this week end.

Tomorrow night, the midweeks take over with a 25-lap main event. After last week's thrilling feature, a large crowd is anticipated.

On Sunday afternoon, the new "hard tops" sensations of the midwest and east make their first start on the west side of the bay.

The "hard top" events have been described as a combination stock car race and destruction derby.

Top event will be a 40-lapper and there will be seven other races. The driver in the fast cars will be allowed to slam into the slower cars if they don't move out of the way, and that means plenty of action.

Friday's show begins at 8:15 p.m. The Sunday event starts at 2:15 p.m.

A million tourists a year sample San Francisco's varied attractions.

13 New Teachers Fill Elementary School Positions

There are going to be some new faces in the Jefferson elementary schools this fall, and they aren't all going to be students.

New to the district will be 13 school teachers. James L. Snell, district school superintendent, announced that all vacancies in the staff of the local elementary schools have not been filled.

The newly employed teachers include:

Hugh Falconero, A.B. degree, San Jose State and University of California, with 16 years experience in administration and teaching, the last nine in Santa Clara. Employed as general supervisor in charge of instruction.

Miss June Gross, registered nurse, U.C.L.A., USC, and Immaculate Heart College, with three and one-half years of school nursing. Miss Gross will replace Mrs. Sylvia Eastham as school nurse.

Miss Barbara Bayne, A.B. degree from San Francisco State, College of Pacific, will teach second grade.

Jack Fischer, A.B. degree, San Francisco State, will teach seventh and eighth grade and serve as playground director.

Erle Johnson, A.B. degree, San Jose State, will teach seventh grade and act as recreation coordinator.

Miss Fern Kline, A.B. degree, San Francisco State, will teach as part of her duties as traveling primary teacher.

Miss Joan Lee, B.S. degree, Washington State college, teaching one year at Sunnyvale, will teach second and third grade.

Mrs. Dorothy Lickly, a graduate of Potsdam State Teachers college, five years teaching in New York, will take over the fifth grade.

Paul MacDonald, A.B. and M.A. degrees from University of Michigan, two years in Vacaville, will act as traveling teacher for upper grade schools.

Mrs. Thelma Rule, A.B. degree, LaVerne College, six years of teaching experience in California, will teach kindergarten and first grade.

Mrs. Helen Schober, A.B. degree, Humboldt state college, seven

Car Damaged In Gear Mixup

In need of a new grill for his car today is a San Francisco man who was victim of a misplaced gear shift Monday.

William Blaskower, 34, 70 Grand View, San Francisco, parked his car in a lot at Junipero Serra and Eighty-seventh street at 6:30 p.m. Monday. Catherine Clark, 39, 1220 Nimitz street, Colma, parked a few feet in front of Blaskower.

A few minutes later the woman driver assertedly attempted to back out of the lot. But instead of putting her car in reverse, she threw it into second, police said. Her car jumped the dividing strip and collided with Blaskower's vehicle.

The Colma woman's car was undamaged, but Blaskower's vehicle sustained a crushed front grill and right fender, police reported.

years teaching experience in Eureka, will teach fifth grade.

Glen Smith, A.B. degree, San Francisco state college, will teach seventh grade and be a recreation director.

Mrs. Nellie Taillefer, A.B. degree, Yuba College and University of California, one and one-half years in Berkeley and Richmond, will teach third grade.

Miss Jeanette Young, A.B. degree, California School of Fine Arts, University of California and San Francisco state college, one and one-half years experience in Napa county, will teach the second grade.

FORD only FORD

has that Look... has that Feel

You can tell it when you see it—feel it when you drive it! So good looking that the Fashion Academy in New York gave it the Gold Medal Award as "Fashion Car of the Year". So wonderful to drive, even old-timers in the auto business give it a great big cheer! They like the "feel" of Ford POWER—in both the 100 h.p. V-8 and the new 95 h.p. Six. They like the "feel" of Ford's "MID SHIP" Ride cushioned by new "Hydra-Coil" Springs in front, new "Para-Flex" Springs in back. They like the "feel" of Ford's KING-SIZE Brakes, brakes that work 35% easier thanks to "Magic Action". Why don't you slip behind the wheel of a new Ford today? That's the way—the only way to get that new Ford "Feel"!

Take the wheel... try the new FORD "FEEL" today at your Ford dealer's

There's a *FEEL* in your future

BOND ISSUE

(Continued from Page 1)

been formally set for the bond election, this probably will be done at the August 29 meeting of the council, or the first meeting in September, Mayor Green said. Plans now call for a September 27 election.

(4) Breaking down the \$396,000 expenditure, it is expected the city will put out \$295,000 for the War Memorial building and: \$45,000 for development of Marchbanks park; \$5,000 for betterment of Lincoln Playground; \$20,000 for a new park somewhere east of Mission and north of Evergreen; \$10,000 for a new park east of Hillside boulevard, between Edgewood Terrace and Hillside Manor, and \$20,000 for a new park in the southern end of the city, south of School between Mission and Junipero Serra.

(5) The parks and the War Memorial building will be voted on separately. Whether or not the parks will be voted on individually or in one "package" has yet to be determined. A two-thirds vote of approval is needed to pass the bond issue.

Indications that there might be some disagreement over costs of the park development was seen at the Monday meeting. At that time Councilman Mel Battye said he wanted the people to vote on each issue separately so they "would know what they are getting."

On the whole, however, Mayor Green said the majority of civic and veterans' groups were behind the proposed project.

"We have received words of encouragement from most interested civic groups and many individuals. There is no reason why the bond issue should not pass, if everyone gets out and votes," Mayor Green stated.

Of interest to every taxpayer is how much the building and parks is going to cost him as an individual. At this time there is no definite way of telling, and will not be until the bonds are accepted by some bonding concern.

However, in a general way, the average taxpayer will put out \$2.50 a year for the development. This sum will decrease as the principal is paid over an approximate 30-year period. The \$2.50 is arrived at on the basis of property assessed valuation of \$1,600, which is the average valuation for home owners in Daly City, Mayor Green said.

Generally the taxpayers' money will be used in this way for development of old and new parks:

MARCHBANKS: A \$45,000 expenditure for the complete development of the park. This means building up the middle section for use by small children; construction of two new ramps into the park from the north and east sides; enlarging the baseball bleachers; putting in lights for night games; installation of equipment on the upper level, including an outdoor roller skating rink.

LINCOLN: A \$5,000 expenditure for acquiring property adjacent to the present park, building up the property and improving existing facilities.

MISSION AND EVERGREEN: A new \$20,000 park, about one acre in size, to be located east of Mission street and north of Evergreen avenue. Largest project would be the construction of modern softball diamond. Also various types of playground equipment would be installed.

EDGEWOOD TERRACE AND HILLSIDE MANOR: A new \$10,000 park east of Hillside boulevard between Edgewood Terrace and Hillside Manor. This would be about one acre in size and be equipped for use by small children.

SOUTH END: A new \$20,000 playground in the southern end of the city, south of School street, between Mission street and Junipero

Young Artists Win Prizes In D. C. Talent Show

Daly City boys and girls gave forth with song, dances, instrumental and novelty numbers in a display of budding talents at last Friday's recreation Talent Show.

Larry Hutchinson, of Lincoln playground, was acclaimed by audience applause as easily first prize winner of \$3 in cash. He put on an act going through the actions accompanying the Spike Jones record, "My Old Flame."

A quartet composed of Pat Chunfat, Sunny Sullivan, Paulette Enders and Dina Enders won second honors. The Jefferson high school group took home cash and complimentary tickets from the Daly City Theatre.

Henry Oliver, 9, walked off with third prize with his rendition of "Spanish Girl" on his accordion. He was from Marchbanks park.

Fourth prize went to tap dancer Bobby Sabo from Jefferson high school playground.

Other winners in the 11 year and over group included: Kathryn Heggelund, trumpet; Jim Fernandez, Sunny Sullivan, Gary McFell, Shirley Nitichen, Harold Diamond, Doris Diamond, Jerald Marsh and Shirley Marsh, dance team; Jose Ordenez, Virginia Brett, John Scuto, Ario Gregori, Robert Rocci, George Rocci, Janice Toole, and Nancy Lister in skit, "Playground Director's Tribulations."

Winners in the 10 year and under group were: Sandra Gonzales, singing; Henry Oliver, accordion; Bobby Sabo, dancing, and Mary Ann Gensel, imitation.

All winners received theater passes through the courtesy of the Daly City Theatre.

Others taking part in the show included: William Pagan and LaVerne Gardner, duet; Eddie Wilers, Mary Ellen Ellis, singing; Judy Silver, dancing; Patti Blankenhorn, Mary Ellis, Earlene Duret, Judy Silver, Margaret Rae, Sandy Blankenhorn, dancing.

Navy Taking Aviation Cadets

Junior college graduates and men who have successfully completed two years of college are now being selected for the naval aviation cadet program.

Graduates of the 18 months flying school receive an ensign's commission in the U.S. Navy at the same time they receive their wings.

As a naval aviation cadet the trainee receives \$75 monthly plus lodging, board and full medical and dental care. In addition, the premiums on \$10,000 worth of government life insurance will be paid by the navy during the period of flight training.

Minimum pay and allowances of an ensign aviator amounts to \$318 per month without dependents and \$399 with dependents.

Full information on this program may be obtained by visiting the navy recruiting station located in the county courthouse, Redwood City, or by phoning EM 8-1185.

Serra. This would supplement the city's too few playground facilities. The approximate acre sized playground would be equipped with all the latest facilities for enjoyment of the young people of Daly City.

Details on the Memorial War building will be forthcoming after the Monday meeting of councilmen with the three architects.

Ghiotti, Bride On Honeymoon In Southern California

A former resident of Daly City, Attilio A. Ghiotti, is now honeymooning in southern California with his bride, the former Miss Bette Lorraine Becker.

The couple were married at Our Lady of Perpetual Help Church, August 7. Ghiotti is the son of Dominic Ghiotti, Daly City, and was raised in this community. He is now employed at a liquor importing company.

The bride is the daughter of Frederick T. Becker of Santa Rosa. She wore an ivory satin gown with an off-the-shoulder neckline filled with a marquisette yoke. The dress was made with long sleeves and a three-yard train. A coronet of seed pearls held her finger-tip veil. White stephanotis and butterfly orchids were carried with her prayer book.

Mrs. Norman Boe was matron of honor, and Drana Boe was the flower girl. They wore similar gowns of peach marquisette and lace. Both carried old-fashioned bouquets of white begonias.

Best man was Raymond Calegari. Norman Boe and Theodore Hopman were attendants.

A reception was held at the California Club. They will make their home in Oakland on their return.

Govt. Librarian Jobs Now Open

Librarians in Daly City who have a yearning to see Washington, D. C., may now do so if they can qualify for civil service jobs.

The U.S. civil service commission announced today a librarian examination for filling positions in various federal agencies in Washington, D. C. Salaries for these jobs range from \$3,727 to \$6,235 a year.

No written test will be given, as those who qualify must do so on experience and knowledge. Applicants must have had at least four years of education or experience in library work, plus additional professional library experience.

Further information may be obtained from the San Francisco post office, Daly City branch. Applications must be received in Washington not later than August 23, 1949.

French Camp, established by Hudson's Bay Company trappers in the early 1830's, was the first white settlement in Central California.

Reportable Time For Accidents Extended 5 Days

Drivers now have 15 instead of 10 days from a date of a reportable accident to file their reports with the department of motor vehicles in Sacramento.

This was one of the important revisions in the financial responsibility law as amended by the 1949 state legislature.

The extension is to provide motorists with more time in which to obtain complete information on the accident, including supplementary reports and estimates of injury or damage.

In addition, the suspension of a driver's license for failure to report was made permissive instead of mandatory.

Another revision concerns the confusing statement dealt with in the 1948 law as "stopped, standing or parked." The operator of a motor vehicle which was stopped was entitled to exemption from the requirement of security if involved in a reportable accident.

In determining whether a vehicle was "stopped" or "standing" the department frequently was placed in the position of deciding liability for an accident.

To eliminate this difficulty the section was re-written to provide that exemption under the security deposit provisions of the law could be established by filing evidence with the department that the vehicle was parked legally at the time of the accident.

Virtually all other amendments affected by the bill were of a technical nature designed to assist the department in its administration of the act.

Samuel Brannan presided at the town meeting when the first board of school trustees for San Francisco was elected February 21, 1848.

Marysville, Yuba county seat, is the only survivor of the many boom towns laid out after discovery of gold at Rose's Bar on the Yuba River in 1848.

BURK MOVES UP IN MIDGET AUTO RACING EVENTS

By Tom Tromberg Jr.

Marvin Burk moved closer to the BCRA midget racing crown last Friday as he captured the 40-lap main event at Bayshore stadium to take the lead in point standing.

Burk twice before has gained the lead in the point standings in the early part of the season only to fade before the onrushes of Fred Agibashian, the champion for three straight years.

This year, however, it seems Burk is on the runner-up spot. At his present pace he could become the new midget champion of northern California.

Last Friday at Bayshore Burk had to go some 28 laps of torrid racing before he got by the car driven by Johnny Boyd, in order to take the lead. If the main had been the regular 25-lap feature then Burk would have got no better than second, but with some 12 laps yet to go Burk, driving hard on the outside, was able to take Boyd and win in a comfortable fashion came the checkered flag on the 40th lap.

Hard top racing will enter the Bayshore oval as a complete program this Sunday. This type of racing has really gone over in Oakland and other parts of the country, and you fans in and around San Francisco will get your full quota of spills and thrills when you see these cars in action. Last Friday in an exhibition race, a hard top lost a wheel in the north turn and flipped twice. The driver was not hurt, but not a spectator would have believed that possible at the time of the flip.

Hard top racing will make a fine entrance into bay area racing circles, not just because of its racing qualities but because of its color and the ever present possibility of the unexpected to happen.

Fans last week also had the thrill of seeing the clowns of the speedway in the destruction derby. These boys proceed to hit, ram and destroy each others cars into a total wreck by the simple and destructive method of hitting each

World tonnage for merchant ships of 100 tons or over was 68,509,432 in 1939, of which more than half was lost in the next five years of war.

Historians have drawn heavily on the diary kept by Henry Bigler, employed by John Sutter, for details concerning the discovery of gold at Sutter's Coloma Mill.

other in the side and back. The last car that is still able to run is the winner, and it does not take long to cut the field down.

SISTER KENNY DRIVE IN SECOND WEEK

Sister Elizabeth Kenny is due to return from Europe for an extended stay in California in October.

This announcement came today as the Sister Kenny Foundation fund raising drive is in its second week. Quota of the drive is \$150,000.

The money will be used to provide funds for establishment of Sister Kenny facilities in the Bay area. It will also be used for training doctors, nurses and technicians in the Sister Kenny method.

The greatest display of tractors and farming machinery in history will be a feature during the California State Fair, September 1 through 11.

The San Francisco Presidio and Mission Dolores recall the days of Spain in California.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday Matthew 6:10-24
Monday Luke 12:13-21
Tuesday Proverbs 10:1-5
Wednesday Matthew 12:13-37
Thursday Romans 13:8-10
Friday Ephesians 4:25-32
Saturday Matthew 7:15-23

For schedule of yearly readings, write American Bible Society, 450 Park Ave., N. Y. 22, N. Y.

Copyright 1949, E. E. Keister, Strasburg, Va.

There were some things he wanted—and he needed money to buy them. What's wrong with that?

Nothing wrong with that. We all want many things that cost money. But most of us learned long ago the difference between earning and stealing. . . this boy hasn't! Oh, he may understand that difference in terms of method. But he doesn't understand it in terms of moral principle.

And even a prison sentence will probably not teach him the truth he could have learned as a child in the Church.

Wise parents, begin immediately to give your children the priceless gift of religious training in the Church!

LEGAL ADVERTISING

Notice of Sale of Real Estate by the Executrix of the last will and testament of IDA BELLE GEERING, Deceased.

No. 114582

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE CITY AND COUNTY OF SAN FRANCISCO

In the Matter of the Estate of IDA BELLE GEERING, Deceased.

Notice is hereby given that EDITH F. ROBERTS, the Executrix of the last will and testament of IDA BELLE GEERING, deceased, will sell on or after August 15th, 1949, to the highest bidder, and upon the terms and conditions hereinafter mentioned, at private sale, subject to confirmation by the above entitled court, all of the right, title, interest and estate of said decedent at the time of her death, in the parcel of land hereinafter described, and all of the right, title, or interest in said property, which said estate has acquired by operation of law or otherwise, other than in addition to that of said decedent at the time of her death. Said parcel of real property is located in the County of San Mateo, State of California, and described as follows:—

That certain lot, piece or parcel of land situate lying and being in the County of San Mateo, State of California, particularly described as follows:—

Lot Number Three (3) in Block Number Eight (8) as the same is designated and delineated on that certain map entitled "Crocker Estate Tract, Subdivision No. 1," which was filed for record on June 1, 1908, and recorded in Book 6 of Maps at page 16, in the office of the County Recorder of said County of San Mateo.

Terms of sale: Cash in lawful money of the United States of America upon delivery of deed by said Executrix and after confirmation of sale by said Court. Deed, at the expense of the seller, but all other expenses at the expense of the buyer.

Property will be sold subject to proration of rent, taxes and other usual fixed charges. Bids and offers will be in writing, and may be left with said Executrix personally, or at the office of Pierre J. Ibos, attorney at law, 690 Market Street, Suite 1012, San Francisco 4, California, or may be filed with the clerk of the above-entitled court at any time after the first publication of this notice, and before the making of said sale. Each bid or offer must be accompanied by a cashier's check, or a certified check, payable to said Executrix, in an amount equivalent to 10% of the bid or offer.

*DATED: July 26th, 1949.

NOTICE OF TRUSTEE'S SALE

On Friday, the 2nd day of September, 1949, at the hour of 3:00 A.M. of said day, at the entrance to the City Hall, in the City of Daly City, County of San Mateo, State of California, the undersigned Substituted Trustee, will sell at public auction, to the highest bidder, for cash, lawful money of the United States, all payable at the time of sale, the following described property and the improvements thereon, situated in the County of San Mateo, State of California, particularly described as follows:

Lot 149, as designated on the map entitled "TRACT NO. 547 BROADMOOR VILLAGE IN UNINCORPORATED TERRITORY SAN MATEO COUNTY, CALIF.," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on November 21, 1945 in Book 24 of Maps at pages 74 and 75.

Said sale will be made without covenant or warranty of title, possession or encumbrance, to satisfy the obligation secured by and pursuant to the power of sale contained in a certain Deed of Trust dated December 16, 1947, executed by LLOYD O. WOFFORD and ALFRED F. TADDEUCCI, as joint tenants, as Trustor, to CALIFORNIA PACIFIC TITLE INSURANCE COMPANY, A Corporation, as Trustee for EDMUND A. COOKE and SARAH COOKE, his wife, Joint Tenants, as Beneficiary, and which said Deed of Trust was recorded December 20, 1947 in the office of the Recorder of the County of San Mateo, State of California, in Volume 1488 of said County's Official Records of San Mateo County; the said Beneficiary is now the owner and holder of said Deed of Trust;

The undersigned was substituted as Trustee by written Substitution made and executed August 8th, 1949, and thereafter recorded in the office of the Recorder of the County of San Mateo, State of California, August 10th, 1949.

Notice of Default and Election to Sell said property was recorded as aforesaid April 13th, 1949, in Book 1648 of Official Records of San Mateo County, at Page 68.

This notice is given in compliance with the request and demand heretofore made on the undersigned Trustee by the present holder of said Note and the beneficial interest in said Deed of Trust.

Dated: August 11th, 1949.

No Letter Today, Cry Heard In DC During July

Business at the San Francisco post office took a slight dip last month.

In a regular monthly report, John F. Fixa, acting postmaster, noted that the sale of stamps was down five per cent as compared with July 1948. Some \$1,515,367 was sold in stamps last month.

And not as many people seem to be writing letters. The number of first class processed mail dropped 15.5 per cent. The number of these letters cancelled by the department ran to 29,434,400.

Parcel post pieces dispatched numbered 800,149. This represents a monthly decrease of 4.2 per cent.

OLDSTERS HONORED AT MONTEREY COUNTY FAIR, AUGUST 27-30

Monterey's county fair, scheduled for August 27-30, will honor all residents and visitors who have passed the 90 year mark.

Fred S. McCargar, secretary manager, said the oldsters are to ride in one of the ancient autos from the famed collection of Alton Walker.

Miss '49er, queen of the Monterey Centennial, will reign over the fair.

MUSTANGS HOLD OPENING GAME AUGUST 21

By Allen Pettigrew

Hello, football fans! It's close to that time of year when the Daly City Mustangs again get the urge to stampee towards a championship.

And this year the team is vastly improved over the previous year. Coach Harlan Ferrando, local high school griddier, will come forth with a new style attack in his second year as head coach of the Mustangs.

With Ferrando, to even better the attack, will be Mert Dilly, ex-Poly-High and USF griddier and assistant coach at Poly High. He will bring to light all the precision of the T formation. This is guaranteed to give the Mustangs a high geared offense.

Top men to lead the attacks will be the local boys such as Bob Plyer, Q and LH, who is fleet-footed and master of passing. Also at LH, from last year's team will be Bobby Grimes, who has shown plenty of natural ability to run, fake, block and pass.

At fullback will be Joe Tudoni, who many remember as a terrific line backer and passer. Tudoni is also adept at running wide plays.

The line will also be stronger, with such terrific linemen as Tommy Fazendin, Lee Stevens, Tom Tromborg, John Coccillato, Elio Abrami and Jerry Listman. All these boys play with their heart and soul as well as brain and brawn.

Newcomers to increase the Mustangs attack and defense will include such members as Duke Marlowe, formerly of Poly High. He was selected two years in succession as all-city quarterback in what has been acclaimed Poly High's greatest backfield.

There will also be the two Simons brothers, Pat and George, who were chosen all-city from Lowell, and later went on to play for USF. Also new on the roster will be Chuck Adams, Poly High's all-city end.

Another threat in the Mustang backfield will be little "Flash" Ross, who, I know when you see him start down the field on a quick opener, you will agree with me is just about the fastest man in football cleats you have ever seen.

These are just a few of the outstanding ball players. The rest will appear in full strength when the team takes to the field for its first game, Sunday, August 21. In the opening game at Jefferson High school, the Mustangs will take on the powerful Hayward A.C.

I regretfully have to announce that the first game will be held in benefit of Aldo Cinquini, who was seriously injured in a pre-season scrimmage. All proceeds will go to the payment of his doctor bills and off-work bills.

We are looking forward to the football fans in Daly City to try and support their home town team, a team that is trying so hard to bring to this city the recognition of being a sport-minded community with an unknown quantity of athletic prowess.

Remember, the opening game, Sunday, August 21, at Jefferson

SPORTSCOPE By Joe Mahoney

The giant African snail, extended from its five-inch shell, may measure nine inches or more overall.

GIANT NATURAL TUNNEL

A giant natural tunnel that far exceeds in height and width such famous engineering feats as the Holland and Lincoln tunnels under the Hudson River is to be found just south of Bond in central Oregon, reports the National Automobile Club.

Formed many centuries ago by underground lava flows, the tunnel makes long easy curves through the earth's crust for more than a mile. Visitors to this lava cave, which is the central feature of a state park and is open to the public without charge throughout the summer, can examine by gas lantern its many interesting features, including sand gardens formed by water erosion of ancient volcanic sand banks.

High school field. Time will be announced later.

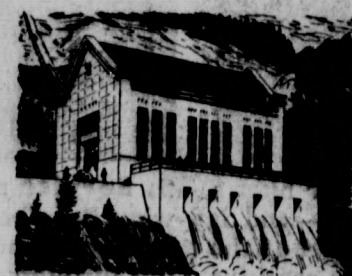

Your household chores done for a penny apiece!

A penny for electricity... it runs the refrigerator for 16 hours, vacuums 6 room-sized rugs, scrubs dirt out of 2 tubs of clothes, or brings you 5 of your favorite radio programs. All you have to do to put it to work for you is flip a switch.

Best budget buy—Official figures show that of your average dollar, you spend about 44 cents on food and clothes; around 19 cents on rent and furnishings; 36 cents for miscellaneous; but only 8 1/2 of a cent for the electricity to run your whole house!

Back of your wall switch—To bring you power takes over 17,000 people, 72 generating plants, 49,900 miles of power lines, a payroll of over \$62,000, 000 a year. More than a million customers are served with electricity by P. G. and E.

Woodrow Wilson PTA History

(This is the eighth in a series of articles reviewing the history of the Woodrow Wilson PTA since its organization in 1923.)

1948-1949

Big event of the year was the installation of officers by Mrs. Burns. The new officers were: Hazel March, president; Irene Williams, vice-president; Ida Hanley, recording secretary, and Hilda Heagney, treasurer.

However, in September Mrs. March resigned and Mrs. Freida Cady was elected to the president's chair.

Monthly meetings were held the second Tuesday of the month preceded by the executive board meetings. Two combined evening meetings were Fathers Night and Founders' Day. Mrs. Inez Jones was hostess for the magazine whist.

The rummage - food sale and lunch was held at Masonic Temple. Mrs. Virginia Arluck was chairman of this successful event.

Two parties were given the graduates and Christmas parties were given by the room mothers. Presentation of a set of dishes was made to the teachers of each school at the annual teachers tea. The dishes were used in their lunch rooms.

Hot dog sales were held at the schools. Donations were made to the following: Sight Saving class, American Red Cross, Crippled Children of San Mateo County, Christmas Seal, Tuberculosis Association and the Cancer Foundation.

Members attended the Red Cross nutrition classes. Various members assisted at the Baby Clinic and at the clinic with the tuberculosis mobile unit. Membership reached 196.

BOOK FOR MOTORISTS

The instruction book that comes with a new car these days tells many a happy story, according to the National Automobile Club. Sometimes it is a tale of astonishing progress in respect to the ease and infrequency of chassis lubrication, at others a story of how easily certain necessary adjustments may be made. Whatever the nature of the story, the book is well worth reading as a statement of automobile design progress.

DIFFERENT VIEW POINT

If you have wondered why parking lot attendants will not allow you to park your own car and insist rather upon driving it themselves, they offer two reasons, according to the National Automobile Club. One is that space on such areas is at a premium and the average driver, allowed to do his own parking, is inclined to be wasteful. The other is that such tight places the non-professional is likely to damage his own or another's car.

Lutheran Reverend

The Rev. Max Zschiegner next week will take formal charge of the Broadmoor Village Lutheran Mission. He will be ordained this Sunday at the West Portal Lutheran Church.

TEST YOUR I. Q.

1. How did the term "thug" come to refer to a criminal?
2. When was the first subway car installed?
3. How tall is a full-grown ostrich?

4. Which was the last state admitted to the Union?
5. How long has the Federal Bureau of Investigation been in existence?

Answers to TEST YOUR I. Q.

1. "Thug" was the name of the caste in India which regarded murder and robbery as its traditional profession.
2. A forerunner of today's subway was opened to New Yorkers in 1870. Each car carried 22 passengers.
3. A full-grown male ostrich stands about eight feet high and weighs about 300 pounds.
4. Arizona was the last state admitted to the Union, on Feb. 14, 1912. New Mexico had been admitted 39 days before that, on Jan. 6, 1912.
5. The Federal Bureau of Investigation was founded in 1908 for the purpose of "investigating violations of the laws of the United States."

Australia's coastline is 12,210 miles, about twice that of the United States.

The California State Fair, September 1 through 11, will have the greatest carnival in history with 55 rides for young and old.

LARGE GRASS FIRE BURNS COLMA HILL

Colma was covered with a blanket of smoke yesterday at 1:30 p.m. as one of the year's largest grass fires swept over a hill below Pierce street near Bryant.

It took ladder ladders over one-half hour to bring the blaze under control, and before this was accomplished half the populace of Colma was viewing the flaming hill.

When the last strand of dry grass was soaked in water and blaze busters climbed back on the single engine, over one block had been burned over.

Damage was at a minimum, however, as there were no homes or other buildings in the area.

Fire officials said there was no way to ascertain how the fire had started.

CITY CLERK TAKES TWO-WEEK VACATION

Possibly seeing too much of the public accounts for City Clerk B. C. Ross's reluctance to tell anyone of the vacation he is now enjoying.

First news of Ross's two-week absence from city hall came at the Monday night council meeting. At that time Councilman A. J. Gagero took up a position in the city clerk's chair.

Where Ross went for the two weeks is a secret. But he should be back some time before the next council meeting, August 22.

More than 4,000 purebred cattle, sheep, swine and goats have been entered in the Livestock Show at the California State Fair, September 1 through 11.

Fluorescent wagon wheels in keeping with the Gold Rush Centennial theme will light the Mall during the California State Fair, September 1 through 11.

Top-flight thrift! Top-flight style! Top-flight value! STUDEBAKER TRUCKS cut costs fast

- Studebaker truck power is money-saving power!
- Studebaker truck construction is wear-resisting construction!
- Studebaker trucks are real "driver convenience" trucks—cab floors are low—cab steps are enclosed—wide cab doors have automatic "hold-open" steps—variable-ratio steering builds up plenty of leverage for turn-arounds and parking.
- Stop in and see the new Studebaker trucks. Find out how fast they can cut the cost of your hauling.

SAN MATEO COUNTY FAIR AND FLORAL FIESTA OPENS FOR 10 DAY RUNNING

With a mammoth parade, headed by the army, navy and marine corps, the annual San Mateo fair opened last night for a 10 day run.

In front of a myriad of floral attractions, California's lieutenant governor and high ranking officers from three branches of the military services officially opened the fair.

The county fair and floral fiesta will be in the spotlight from August 10 through August 20. Fair grounds will be open from 11 a. m. to midnight.

A pleasant surprise last night for everyone was the price of admission. Back to pre-war prices, the gates are open to anyone for 50 cents.

Reason for the new low price was given by Floyd B. Tower, president of the fair association. He asserted the population of the county had jumped 25,000 within the past 12 months, and hopes with the new low tariff these persons and their friends will attend the fair.

Theme of this year's big county show was immediately obvious to all those who attended last night. A huge blanket of 15,000 marigold plants symbolized gold, to mark California's gold centennial.

Directional signs embellished with miniature miner's picks and shovels also helps to carry out the centennial theme.

Greatest display is the floral group which encompasses a large waterfall. From the foot of the falls is a babbling brook which flows into a lake. Centered in the lake is a tropical island replete with orchid plants in full bloom.

Along this garden path, every conceivable type of model garden is on display. The gardens range from provincial to the modern, and provide an enchanting study

for those who plan new flower beds or improvement of old ones.

In the floral building, emblematic of San Mateo's county bounteous floral yield, there are every conceivable type of flower. All the flowers are in bloom, and vie with various forms of shrubbery for attention.

Hobbyists of all ages will also find much to interest them. There is a large display and various demonstrations of several hobbies.

Pottery wheels are in operation, artists with brush and palette demonstrate their skill, embryonic trainmen operate a model railroad, just to mention a few of the many interesting features of the hobby show.

In the commercial exhibits there is the latest farm equipment, radios, home cooling systems, television sets, garden tools and supplies and other items. All of these, and a variety of trade names in several price ranges await inspection.

Along amusement row is a troupe of daring aerialists who last night gave their first performance. The "Great Dante" and his troupe performed, and will do so each afternoon and evening, a series of daring stunts on the trapeze and the tight-wire.

There is also a puppet show for the youngsters, and a barber shop quartet for dad.

Almost hourly lectures by noted experts on a wide range of subjects will supply the fair goer with new and useful information. These lectures deal with gardening, flower arrangements and household subjects pertaining to the "home beautiful."

Happy Birthday!

While many are enjoying their vacations this month, eight people in the Daly City area have a double treat coming. These eight next week will observe their birthdays.

To those who will be blowing out candles and opening birthday gifts, Harry wishes the best of everything. The eight include:

August 12: Erranie Lane, 7144 Mission street; K. L. Martin, Box 583.

August 14: Al Galleyus, 132 School street.

August 15: Robin Blue, 100 N. Fairway.

Druids Honor Delegates Monday

Playing host to state Druid leaders and to delegates who attended the recent state convention were members of Hillcrest Circle No. 143, UAOB, Monday night.

Honored guest of the evening was Grand State Treasurer Grace Hill. A reception was given in her honor as well as for delegates to the state convention in Ukiah this June.

Delegates were May Baker, Audrey Gold, Winifred Evans, Hazel Krogge, Clara Poket and Florence Young.

Past Grand Arch Druidess Madeline Follows was chairman of the evening reception. She was assisted by Marjory Lynch and Mary Conti.

Honored visitors included: Delia Roman, grand arch druidess; Marie Francis, grand first bard; Mary Neil, past grand arch druidess; Sara Brundage, grand conductor, and Grand Auditors Constance Flor and Laura Lawlei.

GROUPS ASKED TO BACK FLOAT

Civic organizations were asked today to back a Daly City float in the Monterey Constitutional Convention Centennial August 29 through September 5.

The request came from the parade committee who are attempting to have every Bay Area city represented in a grand parade September 3. A float depicting some notable event of California history and progress will be a suitable entry, the committee said.

A float need not necessarily be expensive. Thought, planning, imagination and some work will go a long way toward producing an effective and beautiful portrayal. Suitable recognition and awards will go to the outstanding entries in the various parade classifications.

The committee asserted it would be "happy to confer with interested groups" on matters concerning participation. Further information may be obtained by contacting city officials or the chamber of commerce in Monterey.

August 16: Louis Firpo, 63 Werner street; Joseph Cooper, 1039 Folyer avenue; Leon Ellison, 743 Polk street.

August 18: Dennis Mathieu, 80 W. Cavour street.

NO ROOM FOR NEW COUNTY JUDGE

Although a third judge yet has to be appointed, the county board of supervisors today were looking for quarters for the third superior court department.

Thus far the board is considering putting the judge in the Redwood City courthouse, or in some accommodation adjacent to the courthouse.

As there is limited room in the courthouse, there appears to be a real housing problem. Supervisors feel an expenditure for construction of an additional court room is not justified at this time. Soon the county plans to build a new courthouse.

Other action of the county board Tuesday was to appropriate \$60,000 for the special election November 8.

Harry Refenburg

A former resident of Daly City, Harry W. Refenburg, 60, died in a San Mateo hospital August 3.

Refenburg was well known in Daly City 10 years ago, as at that time he was employed in painting many of the community's homes. When he retired from painting, the Refenburg took up residence in Belmont.

He is survived by his widow, Mrs. Edna Refenburg, Belmont, and two daughters: Mrs. Doris Berman and Mrs. Evelyn Larsen. There are also two surviving sisters, Florence Strong and Mae Johnson.

Funeral services were held at the W. C. Lasswell chapel August 6. Interment followed at the Cypress Lawn cemetery.

Bridal Shower For Miss Miller

At a surprise bridal shower given in her honor Monday evening, August 1, Shirley Miller was the recipient of many beautiful gifts.

The shower was given at the Nzarane parsonage, 498 Woodrow street. Verna Mae McKisson and Jo Wheeler were co-hostesses.

Those attending the shower included Janet Petersen, Elsie Hosea, June Lemon, Hazel Hawthorne, Joyce McKisson Eleanor Miller, Betty Miller, Mrs. Lucille Miller, Mrs. Yvonne Marshall, Mrs. Gail Collar and Mrs. Shirley Whiteside.

The bride to be is the daughter of Mr. and Mrs. H. R. Miller of 279 Irvington street. Miss Miller plans to walk up the aisle August 23 with Volus McEachern of Pasadena.

Father And Son To Lead Service

Father and son will join to conduct the service this Sunday at the Community Presbyterian Church, 87th west of Junipero Serra.

Services in the Broadmoor Village church begin at 11:15. The Rev. John A. Glaspe will be assisted by The Rev. John Howell Glaspe, the older of two minister sons.

The younger minister is associated with the Christian Activities Council of Hartford, and is spending a week with his parents. He is now on a speaking engagement in the west.

Special music for the service will be under the direction of Memory Gomez with Esle Faust at the organ. Everyone is invited to attend.

School Budget

(Continued from Page 1)
as great as last year's expenditures for these items which came to \$23,704.

With the increased cost in living, it was also necessary to see that teachers didn't return to a diet of bread and water. Hence salaries for the coming year are up \$23,000 to a total of \$217,000. This compares with \$194,000 for the previous year.

Other items on the budget remained almost the same and include: supplies, \$9,000; library, \$3,000; operation, \$18,500; maintenance, \$12,000; transportation, \$6,000; fixed charges, \$6,700; reserve, \$28,338; general reserve, \$20,000.

Greatest single source of income next year will be from the state school fund, totaling \$232,108. District taxes, required, will account for about \$84,000, while unsecured district taxes will come to about \$7,347.

The beginning balance of income comes to \$58,456, less the current liabilities of \$720.

Meanwhile, the trustees had time to appoint William J. Hunter, 19 Guadalupe street, to the job of bus driver at \$250 per month.

APPROACHING INTERSECTIONS

Approach all intersections with caution, advises the National Automobile Club.

"Fleas Don't Bother Me I'm Dusted with PULVEX DDT"

PULVEX DDT KILLS FLEAS... KEEPS 'EM OFF

McGraw Bros., Daly City

SLOW DRIVERS

Drivers who are going nowhere and are in no particular hurry to get there are advised by the National Automobile Club to stay as far over on the right as possible and to make every allowance to permit other drivers to pass them safely. It's all right to be a slow

driver, but you don't have to be the cause of sudden death.

These telephone men will soon make a damaged long distance cable carry calls again. Come along and see how.

THEY GET GOING FAST WHEN TROUBLE STRIKES

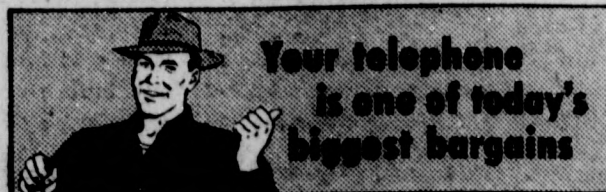

Telephone repairmen's big job is keeping your calls moving

1. When someone's ditch-digger bites a chunk out of a long distance cable—and it happens now and then—repairmen get on the job fast to fix it. Back at a test center, sensitive instruments located the break and splicers hit the road. Almost simultaneously, many calls were routed through other cities to get them through with as little delay as possible.

2. Service restored...the hundreds of tiny wires have been spliced temporarily and, even as the workmen stow their tools, calls are speeding through the cable. Later it will be permanently spliced without interrupting service. Such fast repairs are possible by planning ahead for emergencies, so trained people can be quickly pulled from other jobs.

Your telephone is one of today's biggest bargains

The Pacific Telephone and Telegraph Company

"Our choice is America's choice..."

the most Beautiful BUY of all!"

Of course you picked the car you like best—it's Chevrolet, the car America likes best. So stick to your guns! Don't accept a car that gives you less.

Surely, you'll agree it would be foolish to pass up all those years and miles of driving pleasure... all those fine car features... all the power and economy that comes with Chevrolet ownership.

So hold out for the best and get your sure reward of unmatched driving satisfaction. Make America's choice your choice. Choose Chevrolet for the most beautiful buy of all!

SPECIAL EVENTS — Tournament Day, August 12, 10 a.m. Jefferson High; Girls Sports Day, August 16, 10:30 a.m. Jefferson High.

UC Atom Smasher For Cancer Work To Go Up In SF

A \$230,000 atom smasher for research on high energy radiation in the treatment of cancer will soon be in operation at the UC San Francisco medical school.

The first of its type, the machine will be capable of generating 70 million volt X-rays. Research with the new machine will be directed by Dr. Robert S. Stone, professor of radiology in the medical school.

Dr. Stone will investigate the present indication that extremely high energy radiations can be used to destroy deep seated cancers without doing too much harm to overlying normal tissue. He will conduct these experiments with animals and eventually with human patients.

The machine will be housed in a new \$215,000 building, especially constructed for research with the new instrument. It will house the necessary physical and chemical laboratories for studying the basic effects of the radiations, animal quarters, and rooms for examining patients.

SPORT FISHING IS FAIR

Sport fishing has been fair during the past few days in the waters off Los Angeles county, reports the National Automobile Club. Although most of the fish have been abacore a few halibut have been landed at Manhattan Pier.

Local Girl Scout Unit Now Holds National Charter

The Daly City Colma Girl Scout council now has its 1949-50 charter from the Girl Scout national headquarters.

Authorizing the Daly City unit to function as an official unit of Girl Scouts, the charter was received yesterday.

This is the first charter granted to the local group under a new plan whereby charters are issued in recognition of yearly achievement. According to membership, number of volunteer leaders and the number of troops as well as the quality of the program for the girls comprise the basis on which charters are granted.

Mrs. C. Vaughan Ferguson, scout national president, sent a letter congratulating the local council for its work of the previous year. Mrs. Ferguson stated the charter had been granted on the basis of the council's annual report and its accomplishments during the year.

MONO COUNTY TROUT

Anglers have been taking many good catches of trout during the past week from June, Gull, and Silver Lakes in Mono county, according to the National Automobile Club. They have also taken some big fish from Topaz Lake in the northern section of the county.

BAY AREA RESIDENTS ASKED TO BUY APPLES

Taking a collective bite out of the Gravenstein state apple crop this week are thousands of Bay Area residents.

It's all part of a plan to help the Gravenstein growers who found themselves with a bumper crop this year. Civic, business and other organizations are putting on drives, to continue through August 18, to sell the surplus apple crop.

There is an estimated million box surplus of the fruit this year. Faced with possible severe losses, growers' representatives have appealed to residents in the area to buy as many of the apples as possible.

STRIPED BASS ANGLERS LAND LIMIT

Striped bass anglers have taken several limits of legal sized strippers lately along the Sacramento River in the vicinity of Rio Vista in Solano county, according to the National Automobile Club.

Ribera Attending Coaching School

Ernest J. Ribera, track and football coach at Jefferson Union high school, is now learning a few tricks to carry his boys to the top this year.

The coach is receiving two weeks of intensive instruction at the coaching workshop at California State Polytechnic college, San Luis Obispo. The school runs from August 1 to August 12.

Sponsored by the California Association for Physical Education, the school features these men on its staff: Branch Rickey, Lynn Waldorf, Jess Hill, Everett Dean, Ken Davidson and Ronnie Logan. All of these gentlemen are well known in the sporting world for the teams they have built into champions.

Ribera, who incidentally is a graduate of San Jose state college, can be reached at Dauntless Hall on the San Luis Obispo school campus.

Musicians Needed For Navy Bands

Even a follower of the great god Pan can find a place in the navy.

Young musicians who wish to continue their musical education now have an opportunity to do so by joining the navy. Applicants are sent to Washington, D. C., for an audition, and if they meet the necessary requirements are enlisted in the navy as navy musicians.

Immediately following enlistment they attend the navy musicians school for a period of six months. Upon completion of the school they are assigned to one of the navy's bands or orchestras.

Complete information on the navy's musician program may be obtained by visiting the navy recruiting station, county courthouse, Redwood City, or by phoning EM 8-1185.

BLACK BASS TAKEN IN MARIN COUNTY

Good catches of black bass have been taken lately from the local farm ponds of Marin county, reports the National Automobile Club.

CCPT Plans Home Relations Meet

A third Home-School Relationships conference will be held this year on the U.C.L.A. campus from August 16-19.

Those attending the conference will be limited to a group of 125, to be drawn from teachers, school board members, school administrators, PTA leaders, and representa-

tives of the CCPT board of managers. It had not yet been decided whether a member of the Daly City school system will attend the conference.

Theme of this year's discussion is "Reporting to Parents." The conference will explore the many ways the parent-teacher program can be used to interpret pupil progress. The discussions are aimed to increase the avenues of understanding between home, school and community.

ZSCHIEGNER HEADS LUTHERAN MISSION IN BROADMOOR

With memories of China still fresh in his mind, Max Zschiegner walked up Market street for the first time in 1939.

Then he was on his way to a Lutheran Missionary school in the east. Now, 10 years later, the 25-year-old Zschiegner returns as a reverend.

This Sunday at 8 p.m. The Rev. Zschiegner will be formally ordained at the West Portal Lutheran Church, 200 Sloat boulevard.

Following this ceremony he will take charge of Broadmoor Village Lutheran mission. At the present time the mission, located in the village's recreation hall, consists of only a Sunday school. Services are held in this school every Sunday at 9:45 a.m.

The Rev. Zschiegner hopes to build the Sunday school into a regular Lutheran congregational church. And although he has only been here for two weeks, Rev. Zschiegner is certain his task is not difficult.

"There are many people in the Broadmoor area who are anxious to attend church, if there was a place of worship close to their homes. I hope to help them find that place," Rev. Zschiegner said. Although comparatively young, Rev. Zschiegner has a full background of missionary work.

His father carried the word of God to China, where he was the president of the Hankow mission. Here Zschiegner was born. Except for a few visits to America, he remained in China with his father until 1939.

Graduating in 1948 from the famed Concordia Lutheran Seminary in St. Louis, Zschiegner spent a year preparing to follow in his father's footsteps. But due to present political unrest in China, it was believed advisable for him to take another mission.

So until he is able to return to the east, Zschiegner has been assigned here by his church. Soon he hopes that church will be serving the people of the Broadmoor-Colma area.

Drummers Wanted For Eagles Band

Openings are still available with the newly organized Colma - Vista Grande Aerie No. 1848, FOE, band corps.

Instruments have been obtained, and instruction is given hopeful drummers every Monday night, 8 o'clock at Eagles hall. Rudy Lizalek and Frank Silva are in charge of the corps.

It is not necessary to already know how to play the drums. In fact it isn't even necessary to be able to read music. Every phase of

Ford Purchasing Up On West Coast

More than 45 million dollars worth of parts for Ford products were manufactured on the Pacific Coast last year.

This announcement by the Ford Motor Co. comes after two years of development of a west coast purchasing program for the organization.

Now every Ford car assembled on the west coast rolls on western rubber and steel wheels, Fred G. Rumball, west coast purchasing agent, said. This also holds true for many parts now used in the Ford car.

Rumball said the company's present purchase figure can be greatly increased as soon as the automotive mass production methods of the east are duplicated here.

Recently one company was selected to build all radiators for Ford on the west coast. Total dollar volume of purchases for this item will run approximately \$2,000,000 annually.

GIRLS SPORTS DAY ON RECREATION CALENDAR AT JEFF HIGH AUGUST 16th

A day for girls only is coming up August 16 with a sports event scheduled by the Daly City recreation department.

At that time girls will spend a day playing various types of games from ping-pong to parchesi. The event will be held at the Jefferson high school playground from 10:30 a.m. to 3 p.m.

All girls are invited to be on hand for the one day set aside out of the year exclusively for them. Those coming are asked to bring their own lunches.

Another special event, a family fun day will be held Sunday, August 28, at Marchbanks park. This will consist of a noon baseball game, picnic, and activities where in the whole family may participate.

Principal attraction will be a ball game between the Colma Boys Club and the Junipero Serra Merchants. While parents are watching the game, there will be activities on the middle level of the field for the youngsters.

After the game a picnic will be held. While the family should bring their own food, ice cream, hot dogs and pop will be sold. Following the picnic various types of games will be played with both parents and children participating. More details on the family fun day will be available next week.

Coming up tomorrow at Jefferson high school from 10 a.m. to 3 p.m. is the annual tournament day. At that time champions in checkers, basketball, and other sports will compete for ribbons and certificates of merit.

Events at the various playgrounds last week included:

MARCHBANKS — Children at the park were entertained last week by those who wished to participate in the Talent Show. Singing, dancing and instrument playing were part of the program held at the park.

A hike to the Lake Merced picnic area was the special event last week. Twenty-six boys and girls started out at 10 o'clock to picnic and participate in games at the picnic area.

CROCKER — The movie "Wizard of Oz" was the main interest August 3 for a group from Crocker playground. William Pagan represented Crocker at the amateur hour Friday.

LITTLE JEFF — Albie Figone this week defeated Jose Ondonez 21 to 4 to cop the paddle handball title. The puppet theater is nearing completion, as all that remains to be done are the stage lights. The cast for Punch and Judy is chosen and rehearsals start Tuesday.

CRAFT CENTERS — The craft centers have some new models coming. One group of models makes a farm yard with animals, the other group is an Indian village. We also have new plastic pins to make.

The children have plenty to do if they will come to the centers. Airplane modeling on Wednesday night picked up this last week. We are hoping more boys will come out for this event. If you do want to make planes hurry because there are only two more meetings this summer.

BELLEVUE HALL — Monday nights have been enjoyable to all, as the movies have improved as well as the attendance. This coming Monday evening there will be a table tennis tournament.

LINCOLN — Tuesday the football team played Marchbanks and finished second best to a hard fought game by the score of 18 to 6. Lincoln's baseball team B has remained undefeated and Tuesday played San Francisco's best B team.

Larry Hutchinsen surprised everyone by winning the first prize in the amateur show for his prize impersonation.

LINCOLN — Tuesday the football team played Marchbanks and finished second best to a hard fought game by the score of 18 to 6. Lincoln's baseball team B has remained undefeated and Tuesday played San Francisco's best B team.

Larry Hutchinsen surprised everyone by winning the first prize in the amateur show for his prize impersonation.

The Geiger counter, used in the search for uranium to advance the present atomic age, will be exhibited at the California State Fair, September 1 through 11.

Two model railroads, complete with new scenery and equipment, will again top the Hobby Show at the California State Fair, September 1 through 11.

Air Fruit Ruff

Up to her peck in apricots, Janet Saunders extends a smiling invitation to attend the California State Fair at Sacramento from September 1 through September 11. Apricots, as well as scores of other species of fruit, will be displayed in profusion in the Agriculture building where some 40 of the state's 58 counties will exhibit.

ROUT TAKEN

Limits of six to ten inch rainbow trout have been taken during the last week along the Rubicon River and the lower reaches of its South fork in El Dorado county, reports the National Automobile Club.

College Vets Given Advice On Job Market

Veteran college graduates and students still in school can improve their chances for getting work by adopting a flexible attitude toward their occupational goals.

This advice was included in an occupational outlook report, prepared by the U.S. Department of Labor.

The report is used by VA's advisement and guidance officers as an aid in counseling disabled veterans in the selection of their employment objectives.

Because job prospects today are "somewhat less favorable in many fields than in any year since the war," the report observed, graduates and students may have to change somewhat their primary occupational goals and look for work in related fields.

The BLS report suggested ways in which veterans might adapt their occupational goals to current employment conditions.

The report noted, "some may find that their best course is to aim at a job in a field related to their training."

As an example, many engineering graduates may find their training helpful in obtaining administrative or technical sales jobs.

A "somewhat better" outlook is reported for those in professional and administrative occupations, after the peak of college graduations has passed.

"Employment in the professions has grown rapidly from three million in 1940 to four million in 1949," the report showed. "It may well increase to more than five million by 1960."

The number of administrative and executive jobs also has shown an "upward trend," the report added.

"However, if college enrollments increase in line with past trends,

BIBLE COMMENT FOR JULY 31

Psalmist Sings Of Glory of God And Dignity of Man

WHEN the Hebrew poet looked into the heart of man he saw both good and evil. He saw in man an image of God that man had marred and defiled. But he saw in the heart of God only the reality of that pure and undefiled goodness of which man at his highest and best, and in his noblest aspirations, bore the marks.

He linked man with God—man in his weakness and sin and need, with God, the Perfect Being, perfect in truth and righteousness, in holiness and beauty.

This note of confidence in God is the deepest and strongest note in the Psalms. It reaches great heights and deep intensities in Psalm 46:

"God is our refuge and strength, a very present help in trouble. Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea."
To get the real significance of those words, and some sense of the depth of their faith and trust in God, one must realize the situation of the Psalmist who wrote them. He was not living in a safe community, but in a little land in the midst of great, ancient warring empires. The constant danger and threat were similar to those that peoples and nations have experienced within the last few years, and which, in a sense, overhang the world in an atomic age.

But the Psalmist was not lacking in moral and spiritual power. His expression of boundless faith in God, no matter what might happen, was not a figure of speech, or a matter of words, but the profound conviction of a realist. What a faith to have! How can we get it? To know Him, I think, is to live with Him in the pages of the New Testament, until He becomes as real to us as He was to Paul.

competition for professional and executive jobs will continue to be keen unless students broaden their vocational horizons," the report concluded.

HOW TO FIX IT

STATE REVENUES HIT ALL TIME HIGH LAST YEAR

Combined state tax revenues for the past fiscal year refute the supposition that California was in an economic decline last year.

Revenues for the fiscal year ending June 30 were at an all-time high of \$787,907,593. This was \$60,223,320 over the preceding fiscal year.

The average citizen swelled this sum by paying \$76 in taxes.

Daily revenue last year came to about \$2,158,651. This compares with \$179,933, the average daily sum 25 years ago.

Up \$18,981,938 were retail sales and use taxes. Motor vehicle fuel taxes went up seven per cent to give the state its second largest financial plum of \$128,396,815.

Other gains in major tax sources included: bank and corporation franchise and corporation income taxes up \$6,616,643 from \$75,797,884.

Personal income tax jumped \$695,160 from \$50,177,539. Alcohol beverage from \$26,439,747 to \$28,442,189. Inheritance tax up \$1,039,561 from \$20,439,747.

Only the race tracks didn't seem to be doing so well last year. Revenue from horse racing dropped \$3,048,175 from \$17,048,447.

Class For Moose Women August 16

A ritualistic class for Women of the Moose No. 739 will be held August 16, Scottish Rite Auditorium, 8 p.m.

This announcement came today following the regular August 3 meeting of the ladies group. There was a large attendance and many of the women wore their '49er dresses.

The next regular meeting is scheduled for September 7, as the San Francisco conference will be held during August 14 to 19.

However, a committee chairman meeting will be conducted August 31 at the home of Pauline Paulsen, 131 Grafton avenue. Alumni and publicity chairman will be in charge.

STRIPERS LANDED

Several fair sized striped bass have been landed during the past few days along the Napa River and the Carquinez Straits, Solano county, according to the National Automobile Club.

POLIO TAKES NOSE DIVE IN COUNTY DURING JULY

Apparently no longer a threat to San Mateo county today is a dreaded polio epidemic.

In a monthly county department of health bulletin, it was reported that there was less polio in the county during the last two weeks of July than in the first two. Only five cases occurred, as compared with eight for the first half of July.

No cases whatever have developed so far in August, according to Dr. Harlin L. Wynns, superintendent of health.

With 13 cases of polio reported in the county last month four were fatal. This led many to believe a polio epidemic was imminent.

The 13 cases last month compare with only nine for the month of July 1948.

Turning from the county to the state, some 222 cases were reported throughout the state for the first three weeks of July. However, this was much better than last year for at that time 672 cases of polio were prevalent in the state.

Age group for polio fatalities seems to be most prevalent between the ages of 30 and 39 years. To date four in this age group have died from polio. Only other single fatality was a child not quite one year old.

State Vets May Get Pre-Building Loans In October

State construction loans for home building will soon be available for most San Mateo county veterans.

Legislation recently signed by Governor Earl Warren authorizes the state department of veterans affairs to make such loans. To be eligible veterans must have been born in, or entered the wartime military service from California.

Before this piece of legislation, the state was able to finance only completed homes.

The law goes into effect October 1. Rules and regulations concerning the construction loan program are now being drafted by the department.

One "catch" in the new law is that the veteran must not only

Turning to Daly City, this community has had one death from polio this year, as have San Mateo, Belmont, San Carlos and Redwood City.

In other less dangerous diseases, last month there were four cases of chicken pox reported in Daly City, and one case each of German measles, meningitis, gonorrhea, scarlet fever, syphilis and mumps.

Throughout the county, mumps gave health officers the worst time with 61 cases reported last month. Next in line was chicken pox with 30 cases noted.

have full ownership of the lot on which he proposes to build, but the lot must meet the approval of the veterans department. Hence, if a veteran does not already own the lot he has in mind, he should not close any deal for it until the new law has become effective.

Further information may be obtained at the Veterans Service Office, in the Redwood City court-house.
